Okay. I thought I heard him say that he wanted the all of the Q&As? But I've attached a version of the TPs with the final ones for the RA, and the other ones from yesterday. Is this what you need?

Dear Maeve,

I saw in my notes that Enrique wanted the 3 main points from Mike, but he said he wanted the rest for him. Could you use the rest for talking points for him and email to me? Thanks!
